Subscription per Annum \$2.00 — Foreign \$3.00

## BOW VALLEY

Minutes of meeting of the Council of the Municipal District of Bow Valley No. 40, held in the Municipal Office, Strathmore, Tuesday, July 8, 1947.

Present were Reeve James Harwood, Deputy Reeve John A. MacArthur, and councillors J. M. Wheatley, Emory Jackson, and W. H. Hartlett. Messrs G. B. Field and R. A. Bishop discussed with the Council the question of their Mutual Telephone Lines and the necessity of closer co-operation between the two bodies when roads were regraded or telephone poles reset so that no money would be wasted by duplication of work.

Jackson moved that this Council and Officials of Mutual Telephone Companies get together through Divisional Councillors at such time or times telephone lines are to be rebuilt so that in the event of the road needing regrading the work can be delayed until the road is rebuilt or vice versa and duplication of expense of work avoided.

All Mutual Telephone Companies shall be written and the position outlined to them.

Moved by Wheatley that this Council request the Alberta Association of Municipal Districts to petition the Workmen's Compensation Board to have Mutual Telephone Company employees protected while working on mutual telephone lines situated within, or near the property lines on road allowances.

Continued on page three—

## LEGION AUXILIARY MEET MONDAY

The Legion Auxiliary last Monday met with a good attendance. Miss Irene Wilson gave an account of her activities in Calgary last week as Queen Candidate in the Stampede. In appreciation of her representing the Auxiliary, Mrs. Tew on behalf of the group presented her with a small gift. Irene very nicely thanked the Auxiliary.

A raffle of a brooch and earring set was held among the members, proceeds to be donated to the Cancer Fund. Mrs. J. Issard was the lucky winner, and \$9.50 was netted for the Cancer Fund. The set was donated by Mrs. Ian MacKenzie.

A very happy social hour ensued, followed by refreshments.

## PUPILS SUCCEED IN MUSIC EXAMS

The following is the list of successful candidates of the recent Music Examinations, pupils of Georgia and Glaine Chapman.

Grade VI Pass Garfield Anderson, Ronald Crowther, and Enid Baldwin.

Grade V Honors Lydia Quiring.

Pass Donna Anderson, and Martha Williams.

Grade III Honors Anne Matheson, Douglas Bassacab, Erna Nickel, Mary Eltzen, Jeannine Gannon, and Frances McPhee.

Pass Constance Patton, Denny Bassacab, Charlotte Scott, and James Brown.

Grade II Honors Betty Slater, Norma Anderson, and Carol Scheer.

Grade I Honors Karen Blich, and Sharon Amy.

Grade II Theory First Class Honors Blanche Robinson.

## HEARTY RESPONSE TO BLOOD CALL

Rather enthusiastic response met the efforts of canvassers for the Red Cross Blood Donor's registration drive conducted in the district in recent weeks. During the first week alone 169 volunteers were registered, and a considerable number has been added to this number since that time.

Further registrations are still welcome, and will be accepted by Mrs. Marcum, at Dr. Giffen's office.

## MORE WINS LOSES BALLGAME

A score of 19-4 in favour of Strathmore on Sunday, when the home boys played Rockyford, somewhat offset their loss to Carlsbad a week ago. In spite of the uneven score, fairly good ball was played throughout. Jack Creilly, home from summer camp, pitched the game.

The game the week previously against Carlsbad, Strathmore lost out to the tune of 17-9.

## TOWN COUNCIL

Two delegations were received at the Tuesday meeting of the Town Council. The former was from the curling club, with a query as to what the Town could expect of the Curlers if they undertook to move the present skating rink in order to enlarge the curling premises, and also how far the Town would be prepared to go in the same matter.

The stringers under the present rink buildings were almost entirely finished. It was reported, and it seemed that quite heavy expense would be entailed in moving these buildings. Neither the Town nor the curlers felt that this expense was warranted for these old buildings, and consideration was given the proposal to move the curling rink instead.

The curlers accepted the Town's undertaking to safeguard against sale their well on the present site, for so long as there is no public water supply. A building committee of the Curling Club is now considering the matter of moving.

The latter delegation was from the Strathmore Garagemen's Association, asking that for the sake of the businesses affected by the sale of gasoline through long hours, a by-law regulating the hours of sale be enacted.

Continued on page three—

## CATHOLIC SUMMER SCHOOL FLOURISHING

The Summer School held at Sacred Heart this summer under arrangements of Father Gibbons, is flourishing according to reports early this week, and this number is expected to swell to about fifty by next week.

Some students are billeted in town some live in town, and some are being accommodated in a large tent erected in the church grounds.

Classes are being conducted by Sisters loaned for the two week period.

Grade I Theory First Class Honors Ronald Crowther.

## CURLERS PLAN TO EXPAND RINK

### RED CROSS DRIVE

Dear Mr. Gannon:—

We acknowledge with grateful thanks receipt of your letter of the 9th inst., enclosing cheque in the sum of \$1428.12 being Campaign collections for 1947 and have pleasure in enclosing our Official Receipt No. 18940.

May we congratulate you on the success of your Campaign and thank you most sincerely for all you have done for our Society. Please convey to all contributors the sincere thanks of this Division for their splendid support to our Appeal and for their willingness to help us in the work we are doing.

With kindest regards,

Yours sincerely,

D. H. Tomlinson

Commissioner,

Alberta Division, C.R.C.S.

Notes:—A further donation of \$5.00 received since above amount realized.

## OPEN WELDING SHOP

Wilkinson's Welding Shop is the latest addition to the business enterprises in Strathmore. Operated by Fred Wilkinson, the shop opened last weekend in the shop on Godfrey's Corner, where the welding shop was located previously.

Fred, who was for a time town policeman, is also a veteran of years in the Navy, and recently completed all the tests required by both D.V.A. and the Provincial Government.

## GARAGEMEN MOVE TO SET HOURS

A meeting of Strathmore garagemen and service station owners was held on Tuesday, and after discussion, it was agreed to approach the Town with a request to regulate the hours of sale of gasoline for the benefit of the travelling public and of the garagemen and service station operators.

The intention would be to close all sale outlets but one at six o'clock on weekdays. Each shop would take its turn for a week in staying open at

## STANDARD CLOSES

Putting out a weekly paper is easy. All you have to do is wait for the news to come in on Wednesday or Thursday, put it all together, and take the papers down to the Post Office. Then you play checkers and occasionally drink coffee for the other three or four days of the week.

A lot of people feel it's like that, at least.

Well, we're getting rather fed up with having to work those two days, of every week, and come the end of the month we're not even going to do anything for those two. That is, the staff is taking a holiday from four days of checkers, and two days of printing, and The Standard will be closed down from July 27 to August 2.

Advertisers and district correspondents are asked to please note these dates.

At a general meeting of the Strathmore Curling Club held in the Memorial Hall on Monday evening, July 14, it was decided that, as the proposed Memorial Arena is not being proceeded with this year, the present curling rink would be enlarged to accommodate 4 sheets of curling ice, and a good sized waiting room with coffee counter and kitchen.

It was first planned to move the hockey rink south across the alley and leave the curling rink in its present location but on checking costs it is now believed that it will be cheaper to move the curling rink. Permission has been obtained from the Town to place it on the lots mentioned.

Prices are being obtained for moving the building and arrangements have been made for purchase of lumber and other material. Carpenters will be employed for the main framework and it is hoped that a good amount of voluntary labor will be available for siding and shingling.

The entire cost is estimated at around \$4,000.00 and all members will be approached to sign a note for \$50.00 or more to the Royal Bank of

## J. SCHEER WINS PRIZE

Second prize in the Public Speaking Contest of the U.F.A. was awarded John Scheer of Strathmore, as following the competition at the Farm Young People's Week, held in Edmonton, recently.

## TORONTO TELEGRAM UP FOR SALE

The Toronto Telegram, founded in 1876 by J. R. Robertson, will be "sold on the open market" within the next two years, according to trustees of the Robertson estate.

night, instead of the former method of all staying open at night.

The town Council has written the department at Edmonton to find out its powers in the matter. In the meantime, owners are watching with interest the difficult case in Calgary over much the same problem, where protests have been strong for some time and especially now in the tourist season.

## WAYS CELEBRATE 25TH ANNIVERSARY

The Standard regrets that this report of the community celebration for Mr. and Mrs. Way has been so long delayed.

On the occasion of their 25th Wedding Anniversary last Saturday evening, Mr. and Mrs. C. Way were honored by a surprise party arranged by their neighbors.

The evening was happily spent in cards and a sing song, followed by a delicious lunch.

On behalf of their friends Mrs. A. Morton presented the couple with a beautiful silver cream and sugar on a tray. The family had previously given their parents a set of silver in a lovely chest.

Both Mr. and Mrs. Way expressed their appreciation and told a few expressions of years ago that brought many a laugh to all.

The couple have lived in Berta Vale district since their marriage and are known by all to be good friends and neighbors in a time of need. We wish them many more years of good health and happiness together.

Canada. The money will be advanced on time, later and repayment will be made out of club funds as they become available each year. If the club continues to flourish as in the past two or three years and the membership increased by about one third there should be no difficulty in clearing off the liability within four years without calling on the guarantors.

## SUMMER BIBLE SCHOOL

The Summer Vacation Bible School being sponsored by the United and Anglican Churches in Strathmore is going along very well. There is a good registration and the youngsters are enjoying themselves and at the same time benefiting from the instruction given to them.

There is still time for further enrolment and the invitation is especially extended to children from the country to join in the School, which will run until July 25th.

The School is being conducted by Mrs. G. H. Patrick, Mrs. L. F. Maggs, Mrs. M. Folk, Miss Gladys Hughes, Miss Olive Potter, Rev. D. A. Ford, Rev. A. A. Hamilton and Corp. S. L. Mott. Some forty members are attending.

## STOBART NEWS

Mr. and Mrs. F. Verweire visited at the home of Mr. and Mrs. A. Blais Sunday.

Mr. and Mrs. E. Dupont of Didsbury and Mr. and Mrs. F. Boisvert of Edmonton were overnight guests at the home of Mr. and Mrs. Geo. Desjardine Monday.

Mr. and Mrs. F. Habke, Mr. and Mrs. Geo. McBean, Mr. and Mrs. A. Sauve, Ernie and Apdy Johnson were Stampede visitors Thursday.

Mr. and Mrs. E. Ferguson were Stampede visitors Friday.

Mrs. J. Goermann, baby Leonard and Arlene visited with her sister Mrs. Geo. Desjardine and her mother, Mrs. A. Blais, Monday last.

Mr. and Mrs. Cook were dinner guests of Mr. and Mrs. S. Hall, last Sunday.

Mr. and Mrs. A. Wilson, Dr. and Mrs. A. E. Wilson and son were Sunday visitors at the home of Mr. and Mrs. Cook.

St. Victor's Parish held their annual picnic at the river last Sunday, and a good time was reported. The sports, however, proved too strenuous on the older folks, as sore muscles were in evidence the day following. "Ouch my aching back etc."

Mr. and Mrs. Foster and Pat left on a short holiday at Eckville and Ledue.

Continued from Page One

## BOW VALLEY

Councillor Wheatley telephoned Mr. D. Roberts, Secretary of the Association, Edmonton, and explained this petition to him so that he could act. Wheatley moved that Medical Health Officer J. W. Giffen's report for 1946 be received.

Wheatley also moved that the Agreement between the Dept. of Public Works and this District for a \$3735.21 Three-Way Grant be signed. Carried.

Moved by Jackson that we make application for the refund of the Sales Tax on Cedarapide Crushing and Screening Plant jointly purchased by this District and District No. 43.

Hartell moved that the Cash Statement for the month of June be received and embodied in these minutes. Moved by Harwood that Councillors J. M. Wheatley and John A. MacArthur be a committee to represent this District and meet a Committee of the Western Irrigation District to investigate and determine the necessary bridge requirements East of 29-23-22-45.

Reeve Harwood instructed that an Agricultural Service Board Meeting be called for Monday, July 14, 2:00 p.m. Daylight Saving time. Field Crop Commissioner was telephoned so that he could have a representative present.

Jackson moved that this whole Council be a Committee to inspect new improved blade grader made by the Richardson Road Machinery and sold by the Cruikshank Road Machinery, Calgary. A machine is working near Red Deer. And that the inspector be made August 6, 1947. The Company will arrange for transportation from Calgary. It is understood that we are not in the market for this machine in 1947.

Moved by Jackson that fifteen drums of Sodium Chlorate be ordered.

Hartell moved that the Secretary-Treasurer take his holidays after Monday's meeting.

## FARMER'S COLUMN--

By R. J. Milligan

So you are a seed grower? Have you rogued your wheat, oats or barley to remove off-type heads and foreign grain? This should be done at once. Further, your field should be cultivated around the outside to separate it from other grains and give your plot a cared for appearance.

Would you like to belong to The Alberta Seed Growers Association? Apply for membership to Mr. J. E. Birdsall, Secretary of The Alberta Seed Growers Association, Parliament Buildings, Edmonton. The above association is holding a series of meetings throughout Alberta the last of July and first week of August. The two we expect to go to the Brooks Provincial Horticulture Station, August 6 at 10:30 a.m. and the Provincial meeting at the Division Experimental Station, Lacombe on August 8 at 10:30 a.m. In each case, bring your lunch and meet other grain growers, contact some of your neighbors etc. Perhaps we can pick up a few ideas.

Now don't stop reading this and make a picnic day of it. This is a splendid opportunity for new and old grain growers.

I still think we should have a Seed Grain Cleaning Plant. Not necessarily for registered seed grain but to clean all seed sown in our municipality. The registered grain could be cleaned first and the remainder cleaned during the winter months. I am quite satisfied that we could get 150,000 bushels to clean each season.

Let's not be too disappointed if we cannot sell all our registered grain this fall. Last year an unusual market was created for wheat in February because of the demands by U.N.R.R.A. for seed for Europe. Nevertheless, we cannot speculate too much on a registered grain market and a sensible attitude is required. We can always sell our grain through normal market channels.

Growers of registered or certified status seeds of forage seed should ship their products to the central elevator plant of the Seed Growers Association at Camrose. This plant has upwards of twenty thousand dollars involved in machinery to clean forage seed. Even with this plant we in this M. D. need a plant to clean commercial seed. Why spend upwards of \$2.50 per acre to prepare summer fallow and then plant dirty seed grain. Perhaps the Agricultural Service Board might become interested in such a plant similar to what the Camrose board are doing. Last spring they cleaned 70,000 bushels of barley or seed.

Continued from Page One

## TOWN COUNCIL

The Town was not certain as to their powers in this connection, and will obtain an opinion from the department of municipal affairs.

Following a query from one of the town gardeners as to irrigation of garden lots, it was agreed that the charge be two dollars an hour as set last year, and that the charge apply from the time the hose was rolled out until it was rolled in. In this way, there will be a big advantage for gardeners to group together in neighborhoods, and save time on the hose laying. All applications for irrigation must be paid for in advance, it was agreed.

Since the hay at the baseball park is becoming a nuisance, it was agreed that the Town Man be instructed to cut it.

The dairy inspector's report was received and read, indicating that Strathmore's milk supply is considered quite satisfactory.

Two loss between Mr. Heberts and Mr. Micep were add the former, on the regular terms.

A report was read that the Edmonton offices of the government have the water system proposal under consideration, and that further action now depends on them.

It was agreed that the present amplifier for the Public Address system is not suitable for being moved around and that on that grounds, it be sold to the Canadian Legion if the Legion wants it for their hall system, and that the Town try to obtain a portable amplifying system. This would be much more generally useful, it was pointed out. Donations from the organizations likely to use the system most will be sought.

Following Councillor Fairclay as deputy mayor for the next three months will be Councillor Chase.

Accounts to the amount of \$120.00 were passed.

A Want Ad in the Standard will dispose of that article for which you have no further use.

## EVERYBODY'S BUSINESS

In the eyes of employers, "lack of initiative" is considered the most serious fault a worker can have. It is an insidious and dangerous fault.

For most of us, pride of achievement and desire for bigger earnings provide plenty of drive. But we may suffer from temporary loss of enthusiasm in our work due to illness, personal problems, or emotional upsets.

At such times it is desirable to take all possible measures to prevent these conditions from becoming chronic. The advice of a physician or close friend may help. So may a frank talk with your employer whose attitude will probably be very understanding.

Sometimes a man has little or no interest in his work. This may not be his fault. A change of job or additional responsibilities may be all he needs to make him "spark".

But far too many men are in a rut because they are just plain lazy. To them I can only say: *You'll be far happier if you give your job everything you've got!*

The life insurance business in Canada has grown to tremendous proportions because it renders a needed service and is efficiently managed. In 1946, approximately \$165,000,000 was paid out in life insurance benefits.

## Harvest-Time Accidents

"A tractor owned by W. Scott of the Red Deer district overturned on the highway near that city on June 24th, Grant McKenzie, who was riding on the tractor was caught under the machine and sustained a fractured pelvis and other injuries."

So reads a report in the latest issue of the Wheat, Food's Budget.

And there will be many other reports before the harvest season is wound up, all reading much the same, though the names and the circumstances will differ widely.

The above tractor may not have turned over as a result of carelessness. But all too many do. It should be worth a little care occasional-

ly to preclude the possibility of a fractured pelvis, or crushed limbs, or death.

There are lots of reasons why accidents are undesiring. There is the inescapable possibility that it may not be the type of accident which time will heal. There is all the attendant discomfort which goes with it, not only for the victim, but for the rest of his family. There is the cost. And there is often times irreparable damage that an accident in the middle of harvest can cause, delaying the most critical operation of the season's work.

A little extra time spent in avoiding accidents pays big dividends.

## John Public: Delinquent

Sydney J. Harris, in his column "Strictly Personal," in the Calgary Herald, recently noticed that an public somewhat strongly on its indifference to the things that really matter. Since the Canadian public is inclined to follow the same paths as the American, we reprint the article here.

You can't blame the kids for going wrong. They've seen how racketeering pays off if you build up big enough.

It's only the small-time gruffers who live in the shadow of public contempt. The fast operators move in the swankiest circles (or maybe "triangles" is a better word) and bask in the sunlight of Palm Springs every season.

This Bugsy Siegel lad, who was moved down by gunshots in Hollywood, is an American success story, so far as a lot of impressionable kids are concerned. He had a lush home in Beverly Hills, beautiful babes, ran a \$6,000, 000 night club in Las Vegas. What more could you want?

There was Bugsy, an East Side hood, tum, mingling with the movie stars and a cafe society on terms of easy equality. One night he dined with Barbara Hutton. The next day he went yachting with the Countess di Frasso. He had a permanent ring, side seat wherever his fancy took him.

This could happen, I am ashamed to say, only in America, where we worship what William James called "the bitch-goddess success" without caring too much how that success has been won.

There isn't much point in giving our youngsters that old "honesty is the

best policy" routine when they can see racketeers and ruffians running some of our entertainment empires, or sportsmen sporting extravaganzas and assorted enterprises that combine luxury, lechery and lacery.

And I can't get really steamed up in pointing the finger of scorn at these scum. Maybe they are not legitimate, but they find it almost impossible to operate without political protection, and since the public votes in the politicians with its mitts, it's easy to see where the ultimate responsibility lies.

At bottom, we just don't give a damn, and we've no right to exercise hypocritical indignation when mobsters like Bugsy start directing traffic. Long ago, on the East Side, Bugsy learned that all we respect is power, and if he didn't have the opportunity to get it honestly he'd generate his own power outside the law.

Maybe Bugsy was a vicious criminal, but I seem to remember that one of the seven deadly sins is "sloth." If the American public is slothful in its civic duties and responsibilities, we've no right to condemn Bugsy for committing the six other deadly sins.

## The Citizenship Stamp

With the 80th Anniversary of Canadian Confederation, the Post Office Department issued a new four cent stamp commemorating the advent of Canadian Citizenship.

This is a worthy idea of the Department. . . it is entirely fitting that the immigrant, after eighty years of nationhood, of Canadian citizenship for all those of us who live here, should be marked in this manner. It is hoped that the stamp will draw attention to this development in Canadian history by many outside of Canada.

It should do more. It should also draw this fact to the attention of many inside of Canada. At this time when an individual in so many countries counts for so little, it is well to remember what citizenship in the Dominion of Canada is worth to us.

## Modern America

Aincha (from the Siamese), pronounced as spelled, meaning "Ain't you?" Modern version of "Are you not?"

D'juh (early Sematic), pronounced "Ju," means "Did you?"

Gotta (probably low Dutch), pronounced as it looks, meaning "Have you a —" or "I must."

Harya (from the Comanche), a form of salutation meaning "How are you?" Jeet (possibly Hungarian). Modern interrogation as "Jeet yet?" meaning "Did you eat yet?"

K'min (Indo-Chinese origin), pronounced "Kuh-min," invitational form, meaning "Come in," or "Enter."

Ayntet (of Tibetan origin). Frequently used in everyday conversation, as "ayntet hot?"—much simpler than its forebear, "Is it not?" but means the same.

Hoozher (believed to be more the Mongolian). Now used as a modern interrogatory form, "Hoozher friend?"

Java (very evidently Javanese) Used in the interrogatory form, "Java good time?"

Gonna (of Norwegian origin). Replaces the outmoded phrase, "Are you going to?"

—From "Lookout"

## CHEADLE NEWS

—By B. W.—

Mrs. R. Lytle and family, of Three Hills, is visiting with her sister, Mrs. A. Drake.

Mr. and Mrs. D. Heckle and family have returned from a trip to the States.

Mr. S. MacDonald of Drumheller is visiting his parents Mr. and Mrs. MacDonald.

Mrs. Jones and family left for their home in Vancouver, after a few weeks holiday with her parents, Mr. and Mrs. George Jackson.

Mr. and Mrs. D. Keer and family have returned home after holidaying at the Coast.

It is sensible to buy or sell used vehicles in small but the results are articles. The cost of classified advertising.

## HE'LL GET A NICE OBITUARY

THE IVANHOE (MINN.) TIMES

An obituary is no place for insults. For that reason it might be well to do our insulting here and now. . . while YOU, the potential victim, still have an opportunity to read them.

Perhaps you're one of those drivers who thinks he can still do a good job behind the wheel of an auto after imbibing. We think you're a fool if you do. . . but we can't say that in your obituary.

Perhaps you're one of those drivers who believes traffic laws and regulations are for the other fellow. If you are, you're one of those nincompoop drivers who should be forbidden the use of an automobile. . . but we can't say that in your obituary.

Perhaps you're a driver who thinks himself so clever and alert he can pass on the brink of a hill, duck and dodge in traffic, squeeze by on narrow margins and generally endanger every other auto he meets.

If so, we hope they bury you quick, brother. . . but we can't say that in

your obituary.

Maybe you're a driver with a hunk of junk that will run and little else. . . a driver whose brakes work only on whim, whose windshield wipers have long since disappeared, whose rear vision mirror is only a memory. If you are, you'll probably live to try it again, but they'll bury some innocent guy who happened to meet you at the wrong time! But in the obituary we won't be able to say it was your carelessness that killed the fellow and left a widow to worry about the children.

And those are but a few. . . there is also the driver who never dims his lights at night, the fellow who crowds the centre line, the wise guy who wants to push the accelerator to the floor and prove he's the biggest damn fool on the road.

If you're one of them — and have been properly insulted by those remarks — don't take offense. We'll make yours the nicest obituary possible.

—Calgary Albertan.

## :Autumn Travel in West Growing Quickly in Popularity:

The Canadian landscape is world in many ways the most delightful renowned for its autumn colouring, season of the year in Canada. Yet a From the earliest times missionaries, vast majority of vacationists still do explorers, travellers, traders and new their sightseeing during the summer months, crowding tourists centers to autumn in the Canadian woods. It is capacity until the end of August.

VIMY MOUNTAIN AND TOWN-SITE FROM AKAMINA HIGHWAY

There are, of course, reasons for this practice. Parents with children of school age must usually return to their homes by the beginning of September when school opens for the fall term. Others prefer to get away to the woods and lakes and streams during mid-summer weather, even though they may find tourist accommodation more difficult to obtain at that time of the year. Many who bring along their own camping equipment and spend their holidays under canvas prefer the warmer months of June, July

There seems to be a growing tendency however, especially on the part of those who are free to choose any and August for sleeping out of doors, time of the year for their annual vacation, to defer it until the autumn. An example is to be found in the number of visitors to the national parks during September. According to figures released by the Honourable J. A. Glen, Minister of Mines and Resources, visitors to the national parks during September of this year numbered 104,000 an increase of 36,000 over September, 1945. This brings the total visitors to the national parks up to the end of September to more than 925,000, and it looks as if the final figure will equal, if not exceed, the peak year before the war when more than a million visitors entered the national parks in one year.

Some of the more spectacular increases were shown in Waterton Lakes National Park, Alberta, with 139,849 visitors to the end of September compared with 46,734 for the same period last year, and increase of 93,115; Banff, also in Alberta, with 209,479 compared with 118,444, an increase of 91,035; Riding Mountain National Park in Manitoba, with 155,425 compared with 102,288 an increase of 53,138; Kootenay National Park in British Columbia, with 60,680 compared with 25,286, an increase of 35,394; Point Pelee National Park in Ontario, with 76,643 compared with 50,873, an increase of 25,770; and Prince Albert National Park in Saskatchewan, with 31,474 compared with 19,858, an increase of 12,616 over the previous year.

There is much to be said in favour of autumn travel in the national parks. Apart from the glorious autumn colouring, the park roads and trails are less busy, accommodation is more plentiful, insect pests have largely disappeared, the days are usually bright and sunny, and the nights crisp and

THE NARROWS FROM TOP OF SOFA MTN., WATERTON LAKES NATIONAL PARK

cool. Wildlife is more in evidence and it is one of the best times of the year for the camera enthusiast to reap a rich harvest of trophies for his snapshot album. Some species of game fish are biting on horseback. Hikers and cyclists find it an ideal time to do their park sightseeing, and visitors interested in colour photography are

able to record scenes forgotten in autumn scenes. With more than 5,000 miles of park roads and trails to explore in an area of nearly 12,000 square miles of exquisite scenery, the national parks of Canada are able to provide ample opportunities for autumn vacationists.

## 50 M.P.H. Tops on Highways

Action has been taken by the provincial government to reduce the rate of speed on highways and reduce accidents, according to officials of the Alberta Motor Association.

Hitherto, there was no established maximum rate of speed it being understood that it was to be a reasonable rate having regard to the prevailing circumstances and conditions. This meant that a car could be driven at a faster rate at certain times on the highway than at other times, depending on the traffic and other factors.

Now the government has established a maximum rate of 50 miles per hour for passenger cars and buses and all other such vehicles.

For motor trucks the maximum rate is 40 miles per hour. With these specified speed maximums in effect as from July 1, the provincial authorities

believe that the accident toll in the province resulting from reckless driving will see a marked decrease and that more general observance of safe driving measures will be brought about.

## Need Harvesters

There is still a heavy demand for men from the Prairie Provinces who have made such a splendid contribution in haying and early harvesting in Ontario in latter seasons. Any men with previous agricultural experience in the west who can be spared from their present employment are urged to take advantage of the very low fare to Ontario to assist in meeting the critical situation.

## CARLSLAND

Mr. and Mrs. B. Nymtra and family of Clive are visiting with her folks, Mr. and Mrs. J. Jameison.

Mr. and Mrs. H. Way are spending their holidays at Iadum B.C.

Miss Elva Phillips had the fortune of holding the lucky ticket on the saddle horse donated by the A. P. Grain Company. A beautiful saddle and bridle completed the outfit.

Mr. and Mrs. B. Field and family accompanied by Winnie Humble are spending their holidays at Sylvan Lake.

Earl and Russell Briscoe, Worthy Melendy, and John Kruse are spending a couple of weeks at Camp Hector.

Mr. and Mrs. P. Kinch and family of Kenora Ontario, are visiting with Mr. and Mrs. H. M. Bonitz.

Mr. and Mrs. A. Allan and Miss A. Allan are holidaying in the district for a few days, before taking the Jasper highway drive.

## LANGDON NOTES

— By G. E. W. —

Mrs. Nicholson and Clara left on Tuesday morning for Cereal where they will visit for a few days.

Mrs. Frank Thomas had her nephew Mr. Richard Ashcraft of Victoria B.C., visiting for Stampede week.

Mrs. W. Courtney and Margaret are spending a couple of weeks at the Coast.

The officers and members of the Langdon Girls Club wish to take this opportunity of thanking all those that patronized their tea on Saturday evening, also to those that helped. The net proceeds were \$18.00. The girls intend having another tea at a later date.

Mr. Carl Winstrom is at present, a patient in a Calgary hospital.

Catharine Whitney and Ena Thomas are attending summer school at Edmonton.

Bobbie Kernaghan and Fred Matul are spending a while at Boy's Camp.

## CHANCELLOR NOTES

Mr. and Mrs. Marsh Sr. and daughter Marion from Vauxhall are visiting Clarence and Alvin Marsh.

Mr. and Mrs. Fred Roley and baby daughter and Mr. Bill Roley from Seattle Washington are visiting Mr. and Mrs. L. V. Mann.

Mr. and Mrs. N. S. Nielsen and family spent Sunday at Pine Lake.

Mrs. E. K. Young spent a few days visiting Julie at Calgary.

Mr. C. H. Schwarz and family moved away on Saturday. He has been transferred to the U. G. G. elevator at Langdon.

Mr. and Mrs. Phil Rogers are driving a brand new Chev. car.

It is sensible to buy or sell real estate. The cost of classified advertising is small, but the results are big.

## STANDARD NOTES

Mr. and Mrs. Woodrow Wagner and family of Enchant are visiting Mr. and Mrs. A. E. Wagner.

Rev. and Mrs. Jorgensen and Philip have returned from their holiday. Philip escaped serious injury when he received a badly cut leg requiring fifteen stitches when he was hurt by a truck.

Miss Celia Myrth and Miss Rose Peterson were home for the weekend. Mr. and Mrs. J. Johnson of California are visiting his brother and family Mr. and Mrs. Johnson.

Mr. Edward Devitt and Mr. Norman Devitt came by plane from Toronto to see the Calgary Stampede, and spent the weekend visiting their niece Mrs. Ray Green and their nephew Mr. Cecil Devitt and their families.

At the Sunday morning service Mr. and Mrs. Svend Jensen gave the name of Dolores Arlene to their baby daughter. The God parents were Mr. and Mrs. Elmer Jensen.

Mr. and Mrs. Elmer Andersen's baby son was given the names of Thomas Neil. Mr. and Mrs. Gordon Rasmussen were the Godparents.

Mr. and Mrs. Orla Christensen's baby was given the name Carol. Mr. and Mrs. Magnus Christensen were the Godparents.

## FAIRPLAY

Mr. and Mrs. C. Dumbleton had as their guests last week the latter's sister and family.

Mr. and Mrs. L. Barefoot of Regent Manitoba, also Mrs. Dumbleton's brother, Mr. Albert Mowbray of Winnipeg, who motored up to attend the Calgary Stampede. Mrs. Dumbleton and girls spent two days in Banff with them.

Little Terry Fraser had his tonsils removed last week. We hope he will soon be feeling fine.

Sunday visitors at Banff included Mr. and Mrs. Fred Dain and family also Mrs. S. Dain and Mr. Clarence Moore.

Allan Peterson of Lethbridge spent last week at home and enjoying the Stampede.

Miss Ione Anderson of Regina is spending a few weeks holiday at home.

Mr. W. D. Braden motored to Banff last week to visit Mrs. Braden. Latest reports on her condition are very favorable.

Fairplay held its annual picnic at the school last week, a good time was had by all, followed by an abundance of sandwiches, cake, coffee and ice-cream.

## ARDENODE

— By Mrs. H. S. —

Mr. and Mrs. Gordon Andrews and family of Hartell, spent several days visiting at the home of his brother, Mr. H. Andrews.

Mr. and Mrs. P. D. Sarsons spent several days holidaying in Banff last week.

Mr. and Mrs. Ted Hartell of Cheshire spent Sunday visiting at the home of Mr. and Mrs. D. S. Brook.

Mr. and Mrs. H. Hendrickson spent several days visiting friends in Carleton last week.

We are sorry to hear of Mr. and Mrs. Paul Boisvert leaving our district to make their home in Bonnyville, Alta. We wish them all the luck in the world in their new adventure.

Mr. and Mrs. Klatt and Miss Eileen of Leduc visited with Mr. and Mrs. D. Lonsbury Sunday.

Miss Joan Brook of Calgary spent Tuesday at her home here.

Andy, Annie and John Pavcek are spending two weeks with Father Gibbons in Strathmore.

## ENGLISH, AS SHE IS SPOKE

The following item appeared in 'Alma's Column' in the Brackbridge (Ont.) Gazette: "A lady had walked far from the backwoods to the County seat. Making her way to the administrative buildings, she entered. 'Are you the Judge of the probates?' she enquired. 'I am the Judge of the Probate' answered his Honour with a pleasant smile. 'Well now, look here sir,' said the woman. 'My husband has just died undetected and has left three little infants and I want to be appointed the executioner.'"

## HUSSAR NOTES

— By Mrs. J. S. —

X-RAY CLINIC AT HUSSAR

**Stamp Out T.B.**

Protect Your Health and Family by Having a Free X-RAY

A3

The Mobile Chest X-Ray Clinic will be in Hussar on Monday and Tuesday, July 21 and 22; the committee have mailed the appointment notice and hope that all will try to keep their appointments, but if they cannot, other hours may be set for them. Be sure and come in for this.

Rev. D. E. Flint came up from Bassano on Sunday for church services. He will be going to Cranbrook soon to relieve the minister there, so he will not be holding services again till Sunday, August 17, at the usual hour.

Mr. and Mrs. Peter Epp celebrated their 25th Wedding Anniversary on the 23. A large crowd gathered for this festive occasion.

On Saturday, the 2nd of August, there will be a Lutheran gathering in the hall, and it is planned to have a Pastor take over this location. Rev. Jorgensen was down from Standard on Thursday to make the arrangements.

Ladies Aid is meeting at the home of Mrs. Willie Will on Thursday afternoon.

Mr. Wm. Wyrozub is relieving the station agent while he is away on his holidays. Mr. Wyrozub is leaving the teaching profession to become an agent for the C.P.R. He has had good luck with his teaching here, as most of his pupils in Grade IX have passed well.

Many attended the Stampede from here during the week.

Classified ads are many things to many people. They are buyers for our sellers for others. They do many things for small costs.

## Crop Report Good

Agricultural conditions in the Bow Valley area are good, according to the crop report issued by the Minister of Agriculture for Alberta, for the two weeks up to July 9th. Ample moisture is reported and both crops and pastures are in good to excellent condition. Wheat averages 12 inches, coarse grains 5 inches. 50% of the wheat is in the sheaf blade and 25% of the coarse grains. Prospects are average. Slight hail and cutworm damage is reported. First operation of summerfallow is 90% completed. Live stock are in good condition.

Moisture for the two weeks was better than normal, with 2.20 inches, incomplete, recorded at Strathmore and 1.18 at Gleichen. Normal in the case of the former is 1.17 and for the latter 1.10. The total precipitation for the season at Strathmore amounts 4.92, incomplete, where the normal is 6.28, and at Gleichen, 5.03, where the normal is 5.53.

One of Toronto's leading violinists, ROBERT WARKENTON, is a member of the concert orchestras heard on numerous radio programs. Currently he leads the viola section on the Edmund Hockridge Show (Sundays) and in Symphony for Strings (Wednesdays). Mr. Warkenton studied with William Primrose, modern master of the viola.

# ACT NOW TO ELIMINATE FIRE HAZARDS IN YOUR HOME OR FARM

## CHECK THESE POINTS:—

1. Treat Pipe Ashes and Cigarette Butts as you would a lighted torch.
2. Inspect and see that all lighting equipment is functioning properly and kept clean.
3. DON'T USE COMBUSTIBLE CLEANING AGENTS INSIDE YOUR BUILDINGS.
4. Throw away leaky fuel oil containers or watch out for explosive hazard in repairing empty fuel cans.
5. Be positive your heater or stove fire is completely 'OUT' before attempting to use coal oil to start a fire.
6. Never keep Combustibly-laden rags around in any building.

TEACH EACH MEMBER OF YOUR FAMILY TO PRACTICE FIRE PREVENTION MEASURES AND COOLNESS IN CASE OF EMERGENCY.

## COMING EVENTS

Regular Clinics for Infant and Pre School Children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

Strathmore the second and fourth Tuesday in each month. Carleton Place the second Friday in each month. Standard the third Thursday in each month. Rockyford the third Friday in each month.

Friends of Mr. Albert Gilling will be sorry to learn that he was taken to hospital a week ago, where he is being treated for stomach ulcers.

Bob Koch is expected to arrive over the weekend for a holiday at home.

Mr. and Mrs. Len Roberts, and the younger part of the family are spending four or five days at Sylvan Lake. They will return for the Saturday business. In the meantime, the butcher shop is being operated by Ted and Leslie.

## FARMING NEWS

Produced by the Alberta Department of Agriculture

### THE TIME TO HARVEST THE HAY CROP

Many arguments have been advanced by producers against early harvesting of hay crops, chief of which is that they get a higher yield by cutting later. From a straight tonnage of material point of view, this contention is of course true. Also in seasons featuring heavy rainfall during mid-summer, the additional growth of hay crops is often very valuable.

There is, however, another side to this story. Investigations during recent years have shown that the highest yield in terms of total tonnage is not necessarily the highest yield in terms of livestock feeding value. It is a well known fact that young forage is higher in proteins, minerals and vitamins than old forage. While these are very important components in livestock feed, reduction in the percentage content of the forage in these materials does not always mean an actual loss. On the other hand, carbohydrates, the starches, fats and other forms, which are the heat, energy and fat producing foods, usually increase with maturity of the plant. However, it is now known that a very appreciable portion of the carbohydrate is turned into lignum as the plant ages, which is indigestible by live stock. Lignum is the structural material used in the cell walls of the plant. In addition to being indigestible itself, it surrounds other valuable digestible nutrients and often prevents the animal from utilizing them. From a live stock feeding point of view, this represents a very serious total loss.

The only means of preventing this loss is to harvest the hay crop at an early stage of development. The best information available at present indicates that the highest yield of live stock nutrients is obtained when
